A woman with long dark hair, wearing a black sequined top, is performing on stage. She is holding a microphone in her right hand and has a joyful expression, looking upwards and to the right. The background is dark with some stage lights visible.

## My Story on "Seizing The Opportunity" 16 - 01 – 2015

Found this picture randomly after 5 years and the mind directly rushed to this event, MY FIRST EVENT.

BNP Paribas was hosting a Bollywood Night at St. Regis and I along with another girl was called in to purely manage the event.

Their Red Carpet Anchor backed out at the last moment and they were left with no option. Their marketing manager came in and asked both me and the other girl and I precisely remember the question and the moment... Would anyone of you like to host the red carpet? And I legit didn't even blink, didn't wait for the other girl to answer, in 0.0001 seconds I said Yes I would LOVE to do it and boom the next 3 hours were the best hours of my life. The manager was more than happy:)

That was MY Moment, my moment to seize the opportunity and never look back. That day I learnt, if you don't do something, someone else will always do it, so whenever you see an opportunity, Never let it go, Never wait, JUST DO IT. It's been years that I am hosting yet this event remains the most special and closest to my heart.

MY FIRST EVENT EVER
